Using MiaoHome APP with smart Wi-Fi plug mini

MiaoHome Account

A MiaoHome account can provide some functions below:

● control and configure the devices from outside your home.

● Can access Amazon Echo/Alexa.

● Can define your smart socket with "Scenarios Function" for a truly automated experience

● Can set and configure all smart plugs simultaneously

One smart plug can only be associated with one MiaoHome account, But can be shared to another people.

How to reset the smart plug?

Resetting the Smart Wi-Fi Plug Mini can help you troubleshoot any issues that you may have. Pleasekeep in mind that factory resetting a device will erase all of your custom settings and restore them to factory default settings.
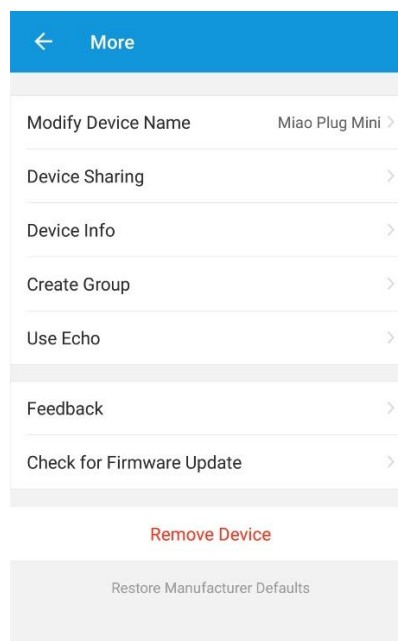

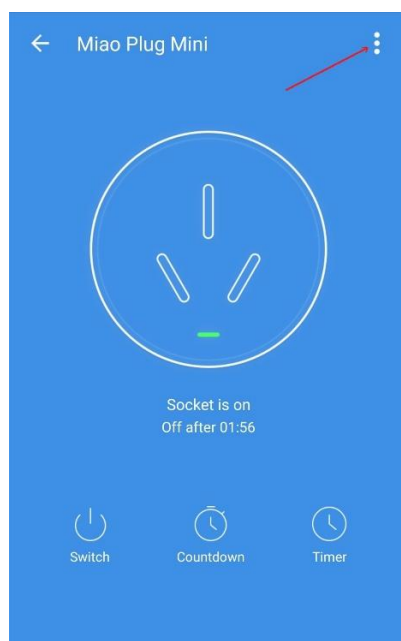

1. Long press the button on the socket until the yellow light flashes rapidly.

Press and hold (for 10 seconds) until the LED flashes yellow rapidly to reset the Smart Plug Mini.

2. Reset smart plug settings in the MiaoHome app.
- Click the (Settings) on the top right corner.
- Click "Remove Device" to reset

MiaoHome Setting

MiaoHome allows you to set according to your habits.

Customize smart plug name

You can name your Smart Wi-Fi Plug Mini with a descriptive name that represents the household appliances connected through smart plugs. You can set it in MiaoHome's APP screen.

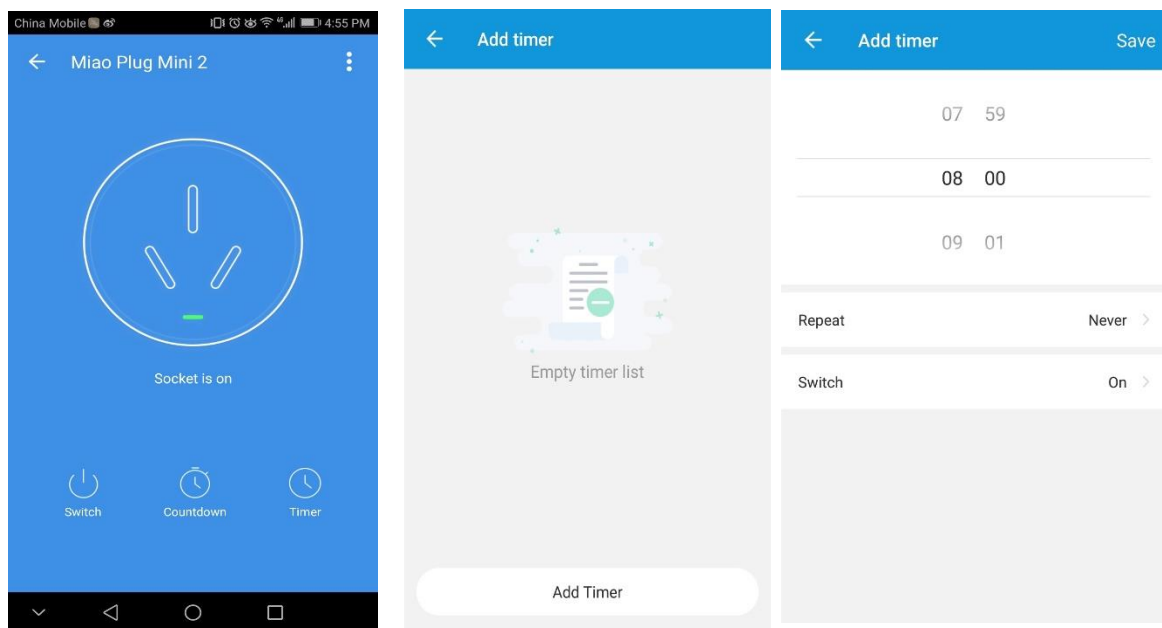

1. Clicking "Miao Smart Plug" on the APP screen go to setting.
2. Click the (Settings) on the top right corner.
3. Click "Modify Device Name" to modify the device name.
4. Write the new device name, then confirm.

Timer

You can use the timer function to control the smart plug on and off. When the countdown is over, the smart socket will turn on or turn off automatically.

1. Clicking "Miao Smart Plug" on the APP screen go to setting

2. Click the ⏰ (Timing setting) to open the timer screen.

3. Click "ADD Timer" to set timer.

4. Set timer and Click "Repeat" to choose the date to repeat, then select the "on" or "off" of the switch

5. Click "Save" in the top right corner to save

You can create as many events as you like and edit them at anytime from the Schedule

screen.

Countdown

You can set the smart plug's schedule based on your lifestyle and schedule to turn on or turn off. For example, you can set a schedule for Miao smart plug (Connected with air conditioning) to turn on. Then you can enjoy cool home once you get home.
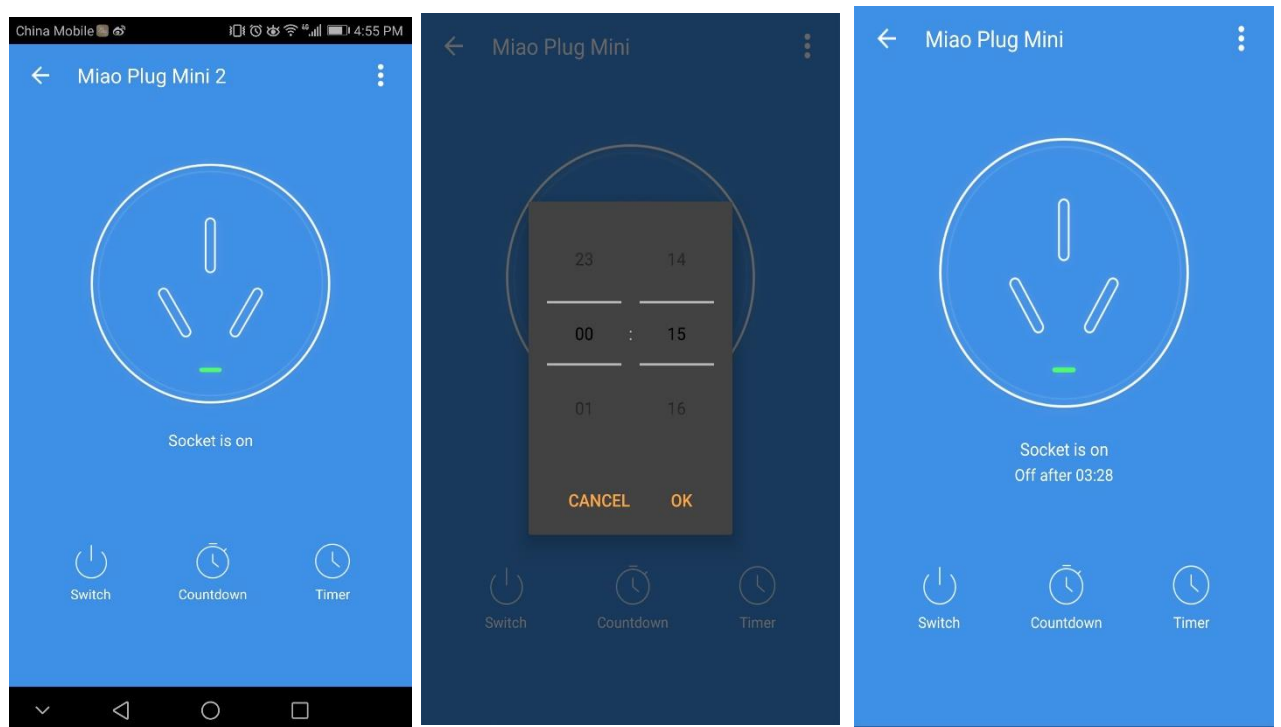

1. Clicking "Miao Smart Plug" on the APP screen go to setting
2. Click the ⏱ (countdown) to open the countdown screen.

3. Choose the countdown time, then click "OK".

NOTE: If a timer overlaps an existing scheduled Event, that schedule will not run. However, timer will be canceled when power is lost or interrupted, or at any time you turn on/off the smart plug manually using MiaoHome or the physical ON/OFF switch. You may need to set a new timer if desired.

Scene Settings

A group of socket devices default to a set of smart scenarios. You can create your own personalized scenes. For example, when you get back home, you can set the light to turn on and the air condition to start work.
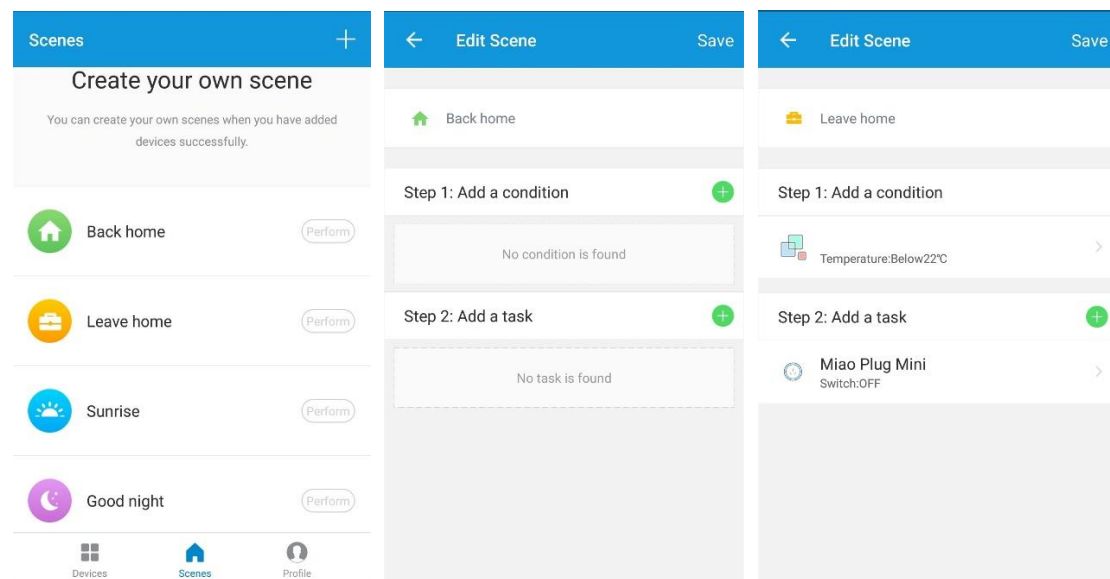

1. On the main Home screen, click the 🏠 (Scenes) Tab to enter scene setting interface.
2. Choose one of the preset scenes to set up your own smart scene.
3. Add a condition, add a task.
4. Click "Save" in the top right corner to save

Note: You need one Miao smart plug at least to create the smart scene.
